After many hours of planning, driving the back roads, and burning the midnight oil, the aircraft acquisition committee, headed by HAMM life member Ron Rimbey, has brought the F101B to it's new home in Tyler. The addition of the F101B makes number five of the Century series production aircraft now on loan to HAMM from the USAF. This beautiful plane was previously located at the Pate Transportation Museum south of Ft Worth and scheduled for demolition after the museum closed. Although tired with only a few scrapes and bruises, the HAMM volunteers are owed a real pat on the back for their time spent preparing and accompanying the plane on it's voyage. The combination of Teddy's Specialized Hauling and Branch Pilot Car made the trip run smoothly and in less the time expected. Thanks to NBC for a picture on the Saturday evening news, CBS and ABC for sending crews out on Sunday, Apr. 10, after the arrival, and the Tyler Paper for the great picture and article in Tuesday's edition. Next stop Little Rock, AR for the F102 on the weekend of Apr. 30.

DON'T FORGET TO BUY A BRICK

GRACE FLIGHT AROUND THE WORLD MISSION 2010

Grace Flight of America's mission is to help people around the world in need of free transportation for medical and humanitarian purposes. Glenn Smith, HAMM life member (pictured on the left above) and two others left McKinney, Texas on June 6, 2010 in a King Air N332MG on a round the world mission to raise funds and awareness of Grace Flight. After returning 6 weeks later on July 17, 2010, Glenn promptly started his next project with a MIG17. He will be sharing his around the world experiences at the HAMM general meeting program on Saturday, April 23, 2011 at 10:00 AM. Don't miss this great program and afterwards join guests and members in the lobby for pizza. For more detail information regarding Glenn's trip and Grace Flight of America, visit the website at www.gfm2010.com.

UPDATING HAMM BY-LAWS

A constitution and by-laws committee has been appointed. The purpose of this committee is to review both the HAMM's constitution and by-laws and make recommendations to possible changes. The committee members are John Whitham, Danny Sessums, Gloria Kolb, Dwight Parsley, and Carolyn Verver. Should any member wishing to make a recommendation of change please do so by submitting it in writing and give to one of the committee members. If anyone needs a copy, you may email your request to Carolyn Verver cjverver@aol.com or stop by the museum and pick up a copy. Upon completion of the review by the committee, a proposed revision will be mailed to each member in advance of the next general meeting. (Must be in members hands 15 days before meeting) At that general meeting the eligible membership in attendance will vote to accept or decline the proposed revisions. The last date of revision was completed in 2005.

BOARD OF DIRECTORS REVISED MISSION STATEMENT

The Historic Aviation Memorial Museum pays tribute to the pioneers of flight and patriots instrumental in the advancement of aviation. This is accomplished through the display of aviation memorabilia and aircraft for the education of the public.
