WINGS OVER TYLER

July 3, 2011 will be here before you know it! Multiple meetings with various groups continue to crowd the calendar working out the many final details. The finance committee has surpassed the half-way mark in fundraising and will continue seeking sponsors from both business and individual sources. Many thanks to those HAMM members who have contributed and if others can follow suit it is greatly appreciated. The museum will be closed on Sunday, July 3rd. The lobby and courtyard have been reserved for the VIP section of sponsor, and closed to the public. Special arm bands will be issued to those sponsors who have contributed \$500 or more for entry to the VIP section. Museum members volunteering to work the air show may use the museum facilities to take breaks, but will need to enter the museum through the side or back doors. At this time 6 food and 2 non-food vendors have been scheduled to participate. Smith County Sheriff's deputies, DPS officers, and Tyler Police Department officers will be present directing traffic and handling ramp security. There will be others volunteering alongside HAMM members in many areas. Anyone without an arm band will be charged \$25 per car for airport parking, or \$5 per person to park in the off site parking (Tyler Car Auction lot on Hwy 64 west) and ride a bus to the air show. All guests coming through the gate without an arm band will be charged a \$5 entry fee. This is not the museum's air show, but is sponsored by the Tyler Chamber of Commerce Aviation Committee. If you want to volunteer, please call the museum or stop by and sign the volunteer book. All HAMM volunteers for Sunday's airshow are asked to make a special effort to attend the June 25 general meeting, as this will be a volunteer briefing. At this time you will be given your parking information and arm bands for entry. No badge needed to volunteer. www.wingsovertylerairshow.com

DON'T FORGET TO BUY A BRICK**GALA****SATURDAY, JULY 2****5 P.M. - 10 P.M.****HAMM LOBBY****“MEET THE PILOTS AS THEY
RETURN FROM AIR SHOW AT
CEDAR CREEK LAKE”****\$10 ADULT \$5 CHILD****HORS D'OEUVRE AND
REFRESHMENTS SERVED****SICK CALL**

Bill Halbert had back surgery on Wednesday, May 18 at the Texas Spine and Joint Hospital. The surgery was successful and Bill is recovering now at home, as he was released from the hospital on Friday, May 20.

Karon Gilmore had surgery on Wednesday, May 18 on her left hand to repair some arthritis damage at the base of the thumb. The procedure was done at the Texas Spine and Joint Outpatient facilities as day surgery. She is doing well, but will be in a cast and arm support for a while.

Leo Sabota spent a few day in the hospital recently for some medication adjustment. He is doing better and has returned to his docent duties.

Ken Toby had back surgery last month and is now doing much better. He spent a few hours performing docent duties this past week. Said it takes a while to get back to normal.

Mike Burke continues to receive chemo treatments and is having to make weekly trips to Houston.

Bob Layton had surgery several weeks ago on his back and continues to remain in rehab as an inpatient. He is unable to walk on his own and Bob and his family are looking into their future options.

**HISTORIC AVIATION MEMORIAL
MUSEUM RECIPIENT OF
VIETNAM VETERANS MEMORIAL**

Recently, the Historic Aviation Memorial Museum was contacted by the City of Tyler Parks and Recreation Department and asked if we would be interested in having the renovated Vietnam Veterans Memorial wall and bench in our Memorial Courtyard. The Memorial had formerly been in Bergfield Park and over the years had deteriorated and been vandalized. Tyler Granite stepped up and volunteered to repair and committed to check on the wall annually and keep it repaired if necessary. The City of Tyler also advised they would find a concrete company to lay a base for it to sit on and also assist HAMM in putting a walk-way to the Memorial. Upon completion of the repair and move, HAMM will plan a dedication of this addition to the courtyard and see that the Vietnam Veterans are properly recognized for their service to our country. As the various media outlets have been following the progress of this project, HAMM will receive coverage and recognition at this dedication. You will be updated after installation.

**HUEY HELICOPTER**

HAMM will soon be taking delivery of a HUEY. The Federal Surplus Program contacted us recently and inquired if HAMM was interested in a Huey located in Wills Point, TX. The BoD said yes and the process has begun. Three HAMM members stepped forward to fund the project. With the cost of \$2,500, the move, and five years in possession, we will own the aircraft.
